BOY DIES OF THIRST.

California Lad Perishes on Desert Mile From Home.

Mecca, Cal., July 26.—Lying on his back under a tree, his face and hands blistered by the torrid sun until recognition was possible only by the clothing he wore and what is contained, the body of Robert Roach, aged 13, son of F. F. Roach, a Southern Pacific bridge carpenter, who resides two miles from Mecca, was found yesterday morning. He had died of thirst after the most agonizing suffering, within a mile of plenty of water and almost within sight of his home.

The body was discovered by J. P. Reed, a grizzled old prospector. Reed, who had been in town a few days before, had promised to take the boy home, but missed him and went without him. The boy then started alone.

That for days he wandered along under the burning sun is indicated by the fact that Reed found the boy's tracks within half a mile of his camp. He had gone that far along the right road, and thinking he had missed his way, turned back. On the return trip he wandered almost to his home and again turned back toward the camp. He had no canteen, and throughout the long journey was without water.

On Thursday his burro, unsaddled, returned to its corral, but the boy's mother thought nothing of its appearance, supposing her son had reached Reed's camp and that the burro had strayed from there. Within three miles of the lad were trickling streams from artesian wells, and only one mile from where he threw himself down to die was his home.

ADMIRAL TAYLOR DEAD.

Passes Away in Canada as Result of Blood Poisoning.

Sudbury, Ont., July 26.—Rear Admiral H. G. Taylor of the United States navy, commander of the battleship Indiana at the battle of Santiago, died at the Cooper Cliff general hospital at 8:15 tonight of peritonitis.

Hawaiian Strike Settled.

Honolulu, July 26.—The 1300 Japanese laborers on the Oahu Sugar Company's plantation at Waipahu, who went on strike on July 23, have

agreed to return to work tomorrow. The management of the plantation has not yet conceded some of the disputed points which will be subject of consideration at the next meeting of the Planters' Association.

MORGAN RENTS PALACE.

Prepares for Entertainment of the Archbishop of Canterbury.

Boston, July 26.—J. P. Morgan has leased the palatial residence of J. Montgomery Sears for the purpose, it is understood, of entertaining the Archbishop of Canterbury during the general convention of the episcopal church.

The archbishop will sail from England about September 1, coming by way of Canada. He will be accompanied by his wife and by his private chaplain.

Commission Hears Statements.

Seattle, July 26.—The congressional commission recently appointed to investigate conditions of the merchant marine spent four hours in the Washington hotel today listening to statements and suggestions from representative shipping interests and delegates from the Seamen's Union. The keynote of all proposed plans of improvement was subsidizing merchant vessels by the government.

Peddlers Give In.

New York, July 26.—In the fight between Street Cleaning Commissioner Woodbury and the "Push Cart Trust," which has been behind all the resistance to the commissioner's determination to rid the streets of push cart men and place them in permanent markets, a decisive victory has been gained by the commissioner by the acquiescence of the peddlers in his plans.

McVeighs Are Dismissed.

Eugene, Ore., July 26.—At the examination of Charles McVeigh, wife and daughter, Bessie, on the charge of attempted manslaughter in throwing a new-born baby into the brush near Eugene to perish, the trio was discharged. Justice Wintermeier held that, inasmuch as the child did not die, there were no statutes to cover the case.

FIGHTING AT PORT ARTHUR

Engagement on Land and Sea Reported to Have Taken Place on July 22.

DETAILS ARE NOW LACKING

St. Petersburg Growing Anxious About Kuropatkin's Communications Since His Retreat.

Chefoo, July 26.—A junk, bringing Chinese refugees from Port Arthur, has arrived here. The Chinese report that on July 22 heavy fighting was going on both on land and sea. They were unable to give details. They report the Japanese have heavily fortified Sanchinpo hill.

ST. PETERSBURG ANXIOUS.

Fears Kuropatkin's Line May Be Cut Off by the Japs.

St. Petersburg, July 26.—A telegram has been received from Kuropatkin recording the withdrawal of the southern army from Ta Tche Kiao to Halping, but it fails to give details of the continuous rear-guard action preceding the retreat. The war office thinks, however, the losses were several hundred, which would indicate pretty severe fighting.

Although military men do not seem to be alarmed at the situation, pointing out that the withdrawal of the southern army from Ta Tche Kiao tends to concentrate Kuropatkin's forces, considerable nervousness is manifested here by those not in the secrets of the Russian commander-in-chief at the danger threatening his line of communication to the north, owing to the development of the Japanese advance from Salmatz toward Mukden.

Japs Enter New Chwang.

Paris, July 26.—The Yinkow correspondent of the Matin says the Japanese entered New Chwang at 5 o'clock in the morning and hauled down the Russian flag. The consular authorities had taken precautions to insure the safety of the European residents. The Russians who refused to follow the retreat have been cut off.

Courage the Enemy of Disease.

The way to avoid contagion is to keep the mind pure and sweet, having due regard also for the body. Cultivate optimism and hopefulness and avoid gloomy thoughts and forebodings. Seek the society of those who are buoyant and helpful and if at any time you are overtaken with the realization that your lot is not what it should be, think of the condition of many who are not so fortunate as yourself, who are suffering from actual want.

The woman who would avoid microbes will not fear them. Courage and the consciousness of right living and high thinking are the enemies of disease.—Editorial in MADAME for August.

The Weather.

Portland, July 26.—Western Oregon and western Washington: Wednesday, partly cloudy and occasionally threatening with showers near coast.

Eastern Oregon, eastern Washington and Idaho: Showers and thunderstorms; cooler.
